

Know Your Power

Prepare yourself: In Public (not while driving)

- **Fill out your preparedness plan**, put it in a folder and label it "**Privilege & Confidential**" and give it to a person you trust.
- **Create a plan in advance** with your family and friends, assigning who will be in charge of your case and who will support in different capacities.
- Make sure your photos and videos are **being synced to** your virtual account like the Cloud or Google photos, in case you record the interaction with ICE so that other people can get it.
- **Join a local pro immigrant group.**
- **Don't carry a passport.** A passport is a travel document and if you have it on you while detained, it can help them deport you faster.
- **Don't provide a foreign ID**, this includes your consulate card, DL's from your country, voting card. A foreign ID reveals to the ICE officer that you were born in another country that is not the US.

- Download the **Notifica app** and add your emergency contacts with an emergency message. We suggest that this message includes the contact of the trusted person that has your preparedness packet and the person who knows your plan.
