

# Know Your Power

## Prepare yourself: At Work

- **Prepare a plan with your co-workers**/employer in case immigration comes to your work.
- **Fill out your preparation plan**, put it in a folder and label it "Privilege & Confidential" and leave it with a person you trust.
- **Create a plan in advance** with your family and friends, assigning who will be in charge of your case and who will support in different capacities.
- Make sure your photos and videos **are being synced** to your virtual account like the Cloud or Google photos, in case you record the interaction with ICE so that other people can get it.
- **Join a local pro immigrant group.**
- Carry Valid Documentation **at all times** or a copy of your pending process.
- **Don't share** your personal or loved one's information (name, address)
- **Don't provide a foreign ID**, this includes your consulate card, DL's from your country, voting card. A foreign ID reveals to the ICE officer that your were born in another country that is not the US

- Download the **Notifica app** and add your emergency contacts with an emergency message. We suggest that this message includes the contact of the trusted person that has your preparedness packet and the person who knows your plan.
